

TECHNICAL BULLETIN:

Loadmaster® Rackmount Case: Edge Casters

PART NUMBER: 51900759

Assembly Includes: 3.00" Casters (two each). Delrin Bushings (two each). Axles (two each). Screws (four each).

Product(s) Affected: TSC Covers (3 through 10 unit sizes, 3.00" and 5.00" deep).

DETAILS:

New, molded-in, 3.00" caster pocket design allows Edge Casters to be added to any 3 thru 10 unit case with #2 Phillips screwdriver. Features polyurethane tread with heavy-duty sealed, stainless steel bearing at core - allowing continuous smooth operation in most rugged conditions. Caster assembly product number 51900759 permanently replaced 51900763 on all 3 thru 10 unit TSC operating style cases (including 3.00" and 5.00" deep covers) as of November 9, 2010.
