

TECHNICAL BULLETIN:

# Loadmaster® Rackmount Case: Louver Panel

**PART NUMBER: 58903572**

Product(s) Affected: All ECS Product.

**DETAILS:**

Louver Panel design requires only one routed opening, clamping into place. For field upgrades, louver kits are supplied with template for customer to route or saw cut opening in cover and install louver (with or without fan). Plenum offers maximum airflow for louvers and can house filter media. Filter can even be replaced from outside of case without disassembling attachment point.

**LIMITATIONS:**

3U, "NO" lid handles.

**TECHNICAL**

- Air Flow: Up to 10 CFM.
- Size: 3" x 6" less than .50" off case surface.
- Filter Size: 5.27" long x 2.27" wide x .68" deep
- Material: Components: Anodized Aluminum.  
Hardware: Stainless Steel.
- Finish: All visual components Black Oxide or Anodize.
